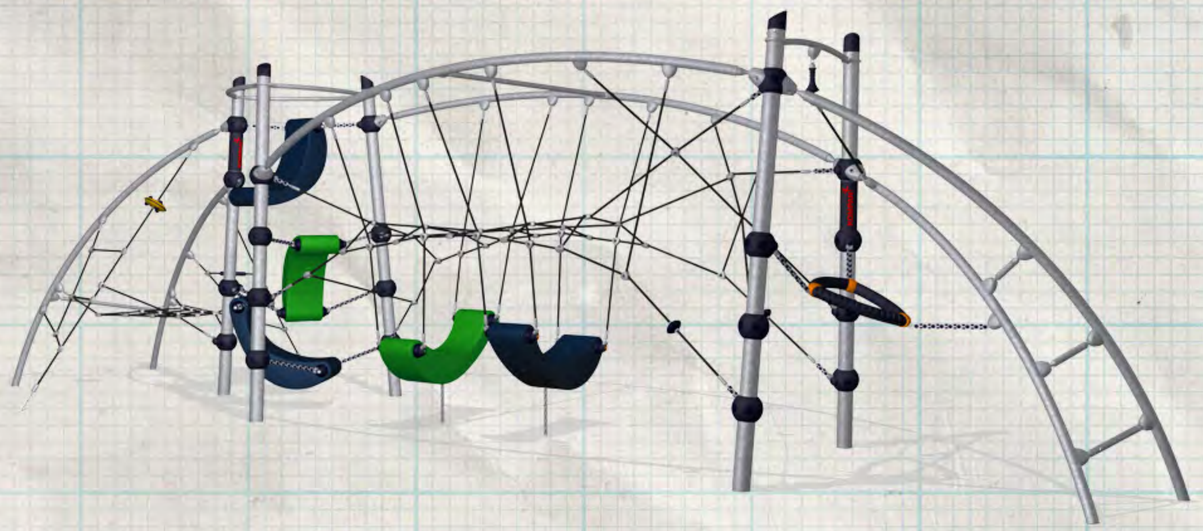
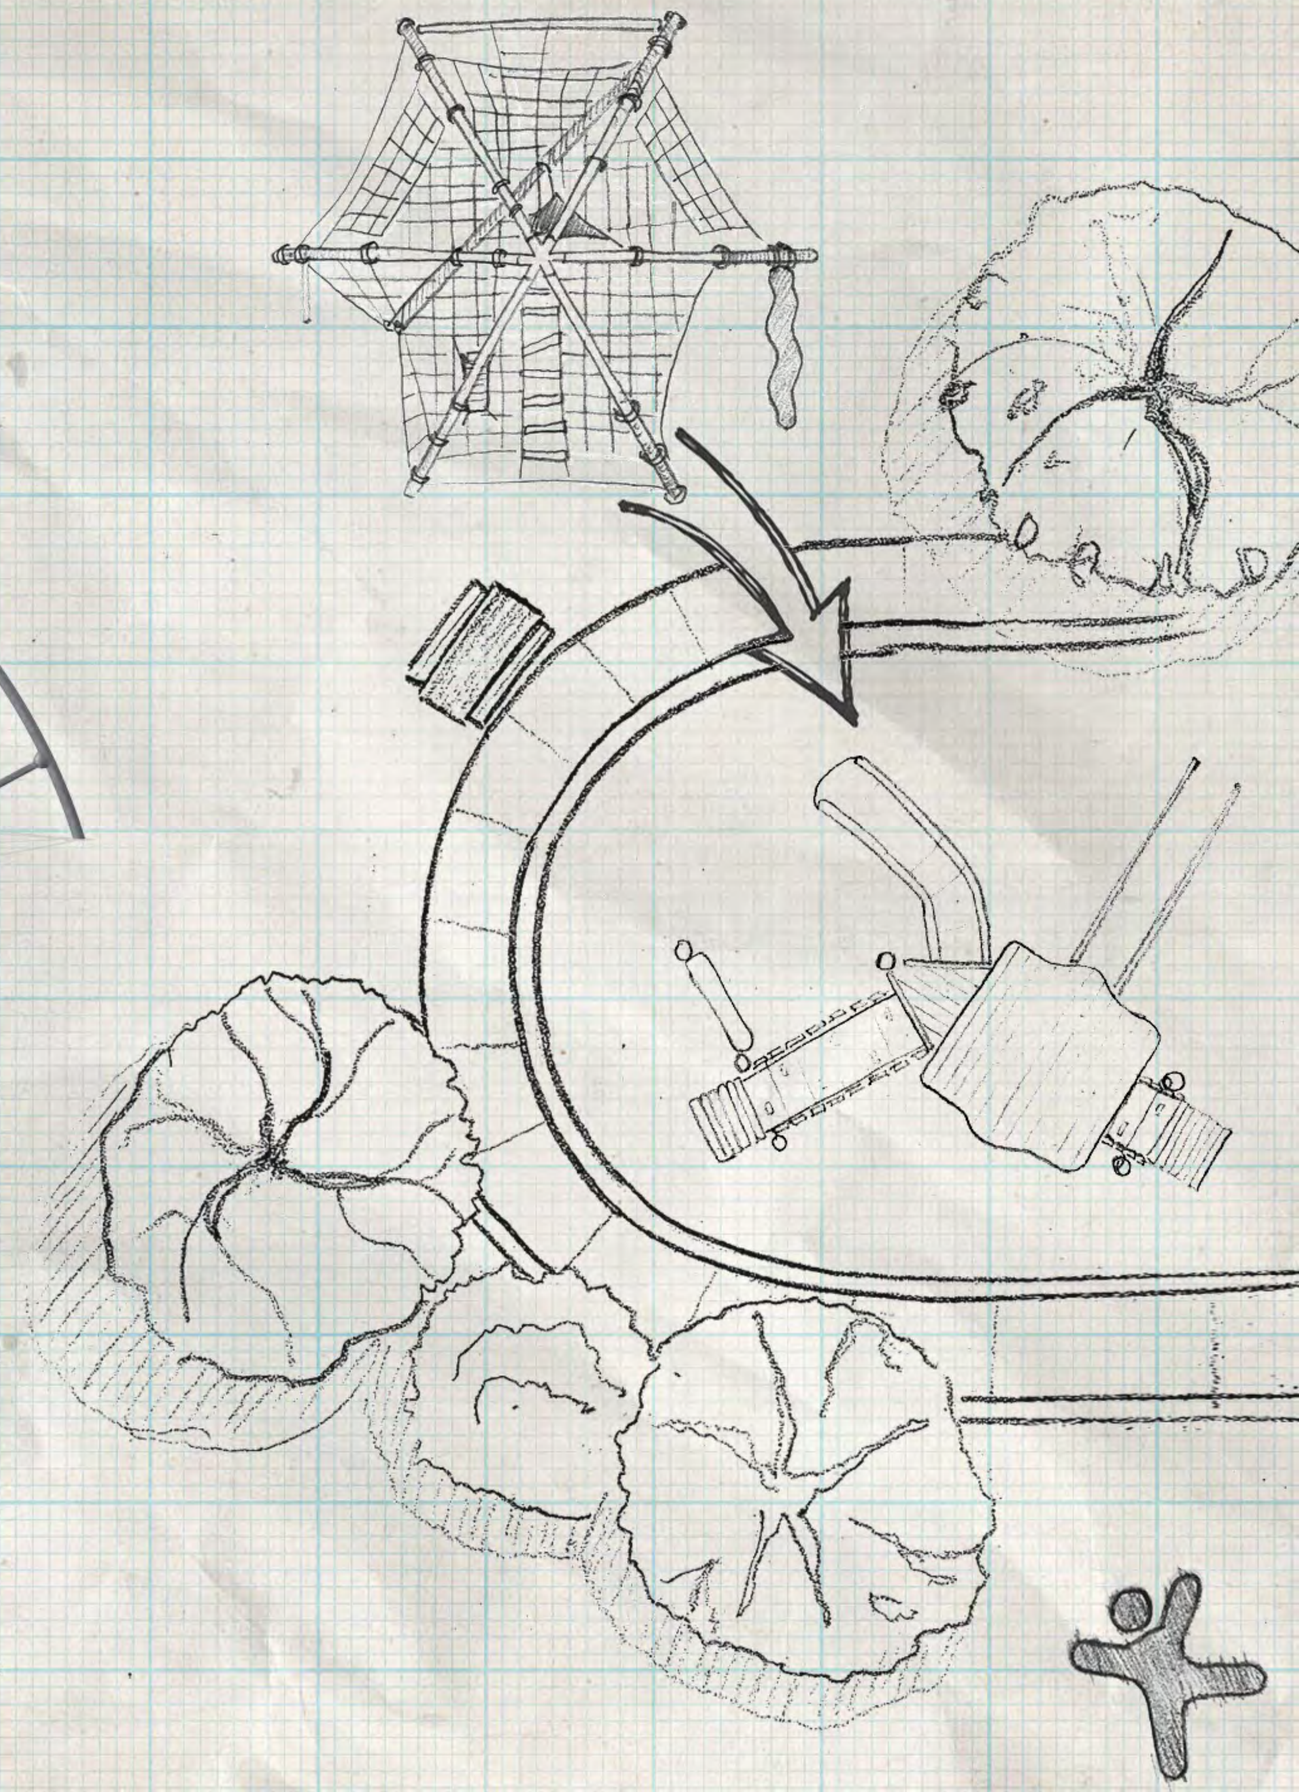
Urban Playgrounds





The urban playgrounds from KOMPAN suit surroundings that are more rugged and mainly appeal to older children: They are more transparent in their appearance and offer cool activities, innovative shapes, color schemes and materials. The urban playgrounds primarily offer physical activity and social interaction.

-Jeannette Fich Jespersen, International Manager, Kompan Play Institute

Maplehurst Park

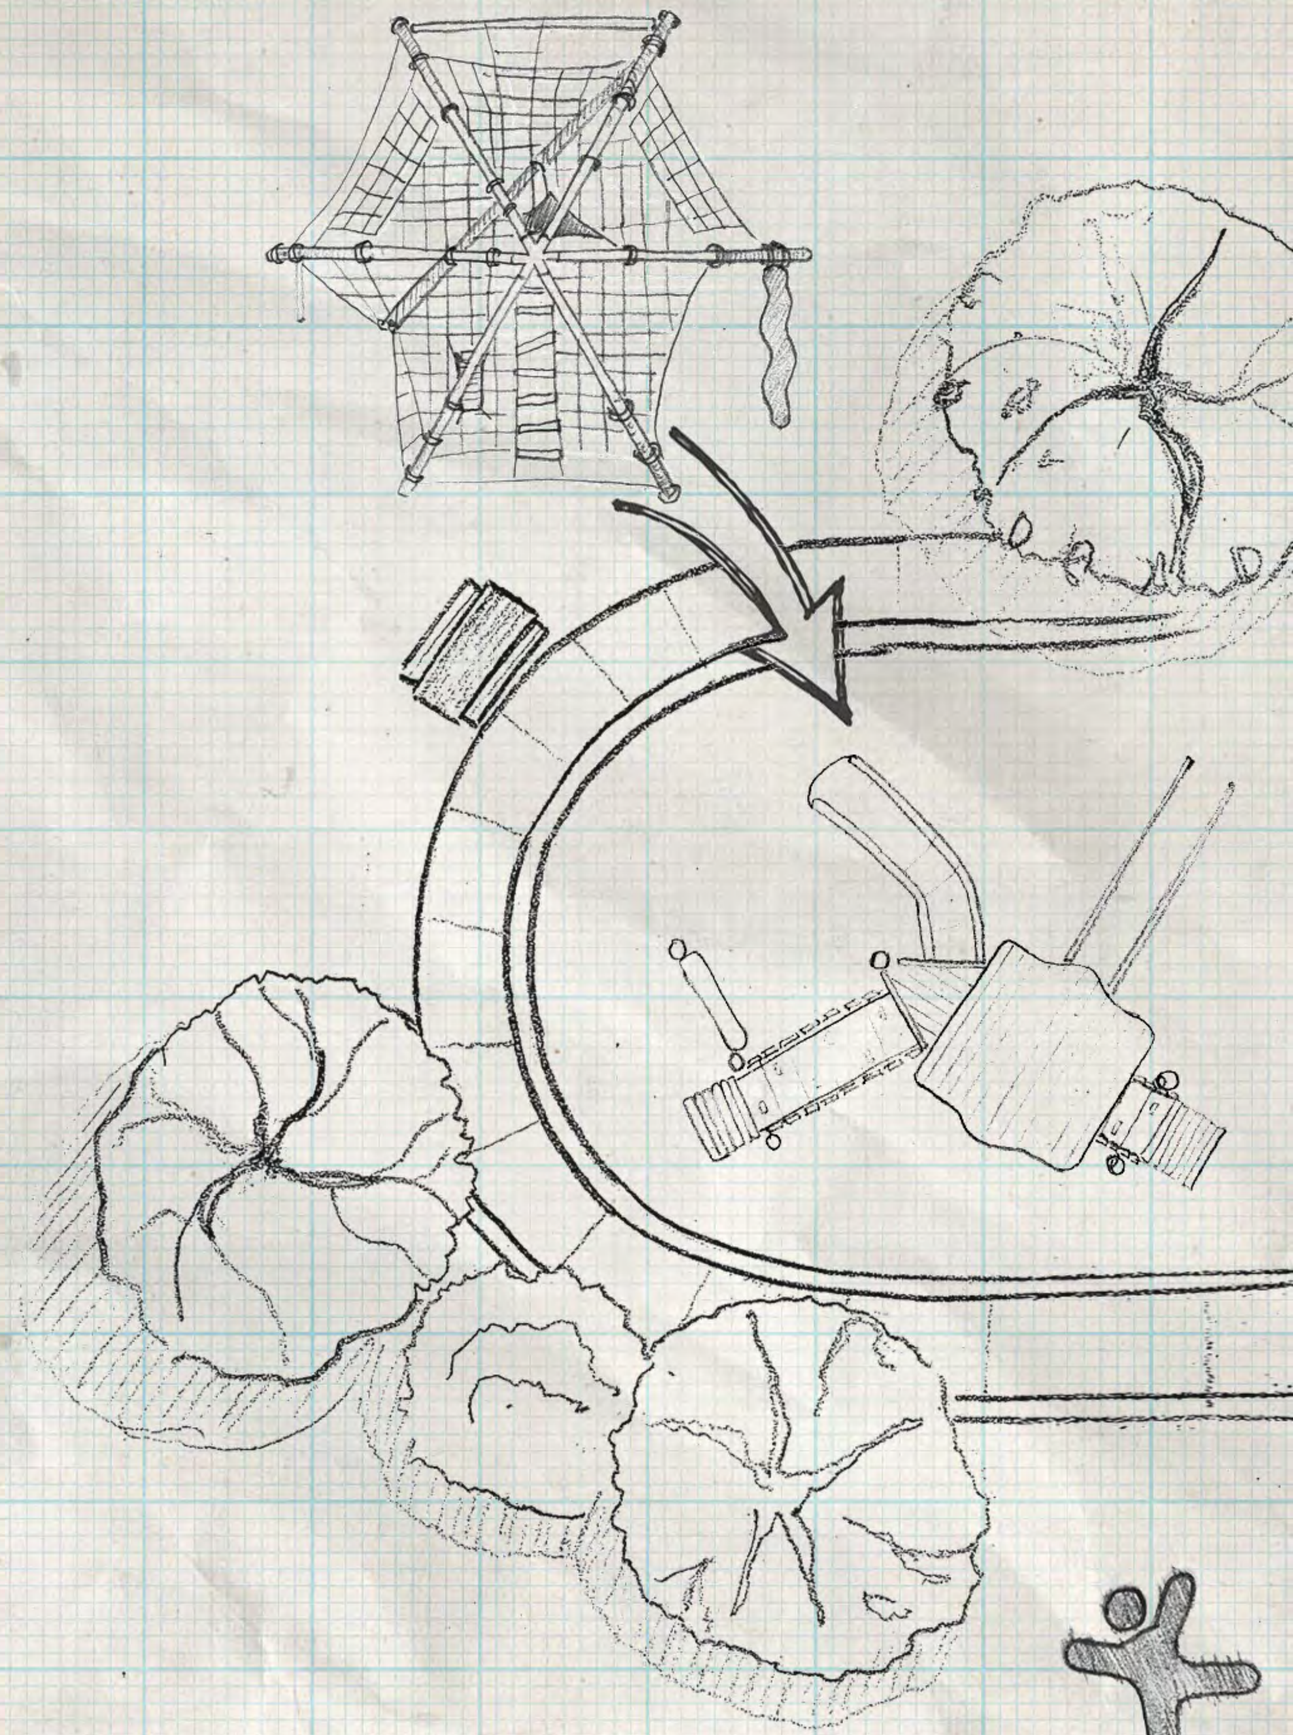
KDS Custom Corocord & Installation Artists (Trimpin)

Artists At Play Seattle, Washington Sales Rep = Highwire / Peter Tammetta

Scope of work: Equipment, surfacing, and install
Products: GSP 280797, GSP 280798, PCM 710455, PCM 710454
Aim: The City of Seattle wanted to repurpose part of the old Seattle Center to a public access, destination playground. Combining forces between Highwire, Kompan and local installation artists resulted in a premiere city playground that is currently ranked as the Number One Playground in the Seattle metropolitan area.

Traditional Playgrounds



The traditional playgrounds showcase the DNA of original KOMPAN playgrounds: age appropriate, fun activities in the classic colors and shapes that appeal to kids, updated to meet the needs of modern day play. The traditional playgrounds focus on early childhood and elementary school activities and primarily uses classic role play themes and well-known classic activities from the KOMPAN MOMENTS range.

Products: NRO514 Boat, NRO854 Parkour 4, NRO910 Swing

Aim: This was an open space near a boat launch. It has tremendous Giant Oaks and has a beautiful view of the lake. The customer had some FRDAP grant money. I worked with the city to provide a simple play area that would complement the picnic area and allowed a place for kids to play while parents loaded and unloaded their boats.

KOMPAN
